RESOLVED

Item 2578 Play Equipment and Pathway Quotations.

2578 PLAY EQUIPMENT AND PATHWAY QUOTATIONS

Members received presentations from the contractors who are quoting for the pathway and replacement play equipment in the Llanvaches Playing Field.

Members main concerns are with the material being used for the pathway and questions were raised regarding the longevity and maintenance of the rubber mulch. They were advised that as this is a relatively new product the guarantee is only for 5 years but contractors expect the life expectancy to be longer.

Members have therefore requested revised quotations to provide for the following:-

Pathway leading from the pavement to the gate

Redress the whole of the existing path (approx. 3m in width) and lay with stone dust or equivalent.

Pathway in the playground

Lay a stone dust path or equivalent and quote with:- (a) treated timber edging and (b) recycled plastic boards.

Safety Surface around the play equipment

Safety surface around the play equipment quoted with:- (a) Wetpour surface and (b) Rubber mulch

RESOLVED

To defer consideration of the play equipment and pathway quotations until the next meeting of Full Council on Tuesday, 19th May when revised quotations have been received detailing the costs involved in laying a stone dust pathway and either a wetpour or rubber mulch safety surface around the play equipment

The meeting closed at 8.40pm
